📍 DHA Phase 1 Sector F Islamabad

EXPERIENCE

Application Developer

Firefly TechSolutions

📅 05/2020 📍 Islamabad, Pak

- Spearheaded development of a cross-platform educational management system for a district-wide non-profit using React.js and React Native, ensuring seamless user experience.
- Designed a family planning program's mobile app and admin dashboard to boost efficiency and engagement, using React Native and React.js for front-end development.
- Developed a loan management system with a mobile app and admin dashboard, streamlining applications and payments through React Native and Node.js backend.
- Led the development of a versatile mobile application for comprehensive testing of device modules including biometrics and connectivity, enhanced with Lottie animations.
- Created a dynamic chat application using React Native, integrating Gifted Chat and Socket.io for real-time communication and MongoDB for message storage.
